THE COLLECTIVE

Momentum Edition 02

This quarter has been all about movement — ideas gaining traction, teams stepping up, and a shared rhythm pushing us forward. Across conversations, milestones, and everyday moments, one thing is clear: we're building something meaningful, together. This Edition is all about the wins, the lessons, the laughter, and everything in between. Let's keep the momentum going.

CUSTOMER CHRONICLES

Welcoming Global Partners to Our Home Turf

This summer, we had the pleasure of hosting the Bosch team from Germany at our facility. Their visit wasn't just about business—it was about building bridges. From insightful plant tours to informal catch-ups, the day was filled with engaging conversations, shared ideas, and a few laughs along the way. It's always a privilege to connect with partners who share our passion for excellence. The past month has been marked by meaningful conversations and promising collaborations at our Hosur Mega Rubber Unit. We were delighted to host teams from Hyundai & Aptiv, Generac, TVS, IRECO and Brakes India. From audits to strategic business discussions, each visit brought fresh energy and ideas to the table. These visits continue to affirm our commitment to quality, collaboration, and future-forward thinking. We're excited about the journey ahead and the possibilities it holds.

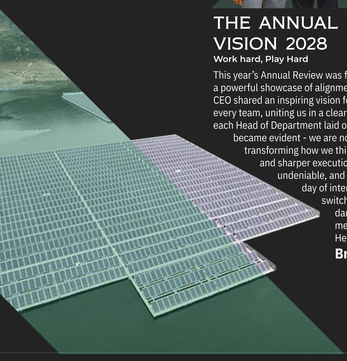
SYNERGY FOR SUSTAINABILITY

Team Scotra's Visit & the Journey to Tamnar

This season brought an exciting milestone in our partnership with Team Scotra on our floating solar project. The journey kicked off at our Mumbai office, where vibrant discussions helped align our shared vision and game plan. From there, the team headed to Tamnar, Chhattisgarh, for an on-site assessment of the project location, allowing for a comprehensive understanding of the site conditions to support project planning. But it wasn't all work! Between strategy sessions and site visits, the team soaked in Mumbai's lively culture and enjoyed some well-deserved downtime. A perfect blend of business and bonding.

THE ANNUAL REVIEW & VISION 2028

Work hard, Play Hard



This year's Annual Review was far more than a routine checkpoint, it was a powerful showcase of alignment, ambition, and collective energy. Our CEO shared an inspiring vision for 2028 that sparked purpose across every team, uniting us in a clear and exciting direction for the future. As each Head of Department laid out their strategic roadmap, one thing became evident - we are not just moving forward; we are transforming how we think, build, and deliver. With bold initiatives and sharper execution across every vertical, the momentum is undeniable, and the future holds immense promise. After a day of intense focus and big-picture thinking, we switched gears, turned up the music, and hit the dance floor because when the work is meaningful, the celebration is unforgettable. Here's to what's next.

Bring it on!

POWERING AHEAD WITH PURPOSE

A Landmark Win for Huse Energy

We're proud to share a major milestone — Huse Energy has been awarded the turnkey EPC contract for an 8.65 MWP floating solar project at Jindal, Tamnar. This win marks a significant step in our journey to deliver innovative, large-scale renewable solutions. Floating solar isn't just about maximizing space — it's about reimagining what clean energy can look like. We're thrilled to bring this project to life, reinforcing our commitment to engineering excellence and a greener energy future.

EMPLOYEE SPOTLIGHT

Celebrating Our Everyday Stars

Officially known as Mr. Chandra Ganpat Patil, but to all of us, he's simply "Mama" - the heart of our workplace for the past five years. Every morning begins with his peaceful puja before he gets busy making sure the canteen runs smoothly and every corner is spotless. What he cherishes most are the moments when the entire office comes together, especially during Diwali celebrations and Janmashtami Dahi Handi. Back in the day, he played kabaddi for fun. Now, he's more into samosa pav and spending time with his family. With Mama around, good vibes (and great chai) are always guaranteed!

INNOVATION IN SYNC

Collaborating to redefine what's next

Last month, our CEO visited Germany to engage with key partners and share the strides we've made across our business verticals. The visit included insightful exchanges with Nexxiot and Transmission Dynamics, two of our valued international collaborators. These meetings reaffirmed our shared commitment to innovation, data-driven solutions, and the future of smart logistics and rail. A meaningful step forward in strengthening global partnerships.
